

Academic Department Head Position

Department of Textile Engineering, Chemistry, and Science North Carolina State University

The College of Textiles at North Carolina State University invites applications and nominations for the position of Head of the Department of Textile Engineering, Chemistry, & Science. Working with the Deans of the College of Textiles and College of Engineering, the Department Head is directly responsible for academic, administrative and fiscal activities, in fulfilling the mission/vision of the Department and University.

The Department is currently home to 21 tenure-track faculty and to two academic programs (*Textile Engineering* and *Polymer and Color Chemistry*) that offer undergraduate and graduate degrees. The Department is also directly involved in the College of Textiles doctoral degree programs in Fiber and Polymer Science and Textile Technology Management. In addition, the Textile Protection and Comfort Center is directly housed in the Department.

The successful candidate must possess an earned Ph.D. degree either in one of the disciplines represented in the Department or in a related field. A proven record of excellence in teaching, research, and service in the context of higher education is expected. Candidates must also be eligible for tenure at the Full Professor rank commensurate with criteria at North Carolina State University.

The successful candidate is expected to provide leadership in the following areas:

- Academic Excellence
- Research Innovation, Discovery and Creativity
- Excellence in Service and Outreach
- Educational and Professional Ethics
- Collegiality in the Workplace

Further information on the Department can be found at <http://www.tx.ncsu.edu/departments/tecs>.

Applications must be made on-line at <http://jobs.ncsu.edu>. Position number is **08-55-0804**. Required attachments are cover letter, curriculum vita, statements of teaching and research interests, and contact information of three references. Review of applications will begin March 31, 2008, with an intended start date of July 1, 2008.

Individuals with disabilities desiring accommodations in the application process should notify Shane Jarvis at shane_jarvis@ncsu.edu or at 919-515-6638. Nominations and requests for additional information should be addressed to: Harold Freeman, (Chair of Search Committee) at Harold_Freeman@ncsu.edu.
