

# STRUCTURE CAN BREED INNOVATION.

Save the date for the  
2008 Six Sigma Forum.

# YOUR COMPANY CAN BUILD A BRIDGE TO INNOVATION.

## 2008 SIX SIGMA FORUM MAY 28-30, 2008

Whether you are new to Six Sigma or an NC State University Six Sigma program alumna, if you're ready to learn how to apply tested, continuous improvement processes to drive ideas and innovation in your organization, you won't want to miss the sixth annual Six Sigma Forum.

Attendees will:

- Learn about Six Sigma tools and methodologies from the experts
- Understand best practices and lessons learned from other Green, Black and Master Black Belts
- Delve into topics from manufacturing, healthcare, and service industries

The 2008 Six Sigma Forum will take place at the Washington Duke Inn in Durham, NC. The conference will occur May 28-29; May 30, attend post-conference workshops. **For more information and to register, visit:**
